About Big Ass Fans

Starting in 1999, Big Ass Fans pioneered the high-volume, low-speed (HVLS) fan industry by introducing large industrial fans to agricultural spaces. Recognizing the fans' versatility, our customers began to install them in warehouses, factories, commercial areas, and homes. Our dedication to innovation has led us to develop the industry's first silent motor technology, smart fan controls, and automation, and the world's brightest and most efficient LED products.
