

Accessory:

Haiku L Wi-Fi Module

TECHNICAL SPECIFICATIONS

The Haiku L Wi-Fi Module allows you to personalize your fan's comfort settings with the Haiku app, use voice commands with Amazon Alexa, and group it with other Wi-Fi enabled Haiku products.

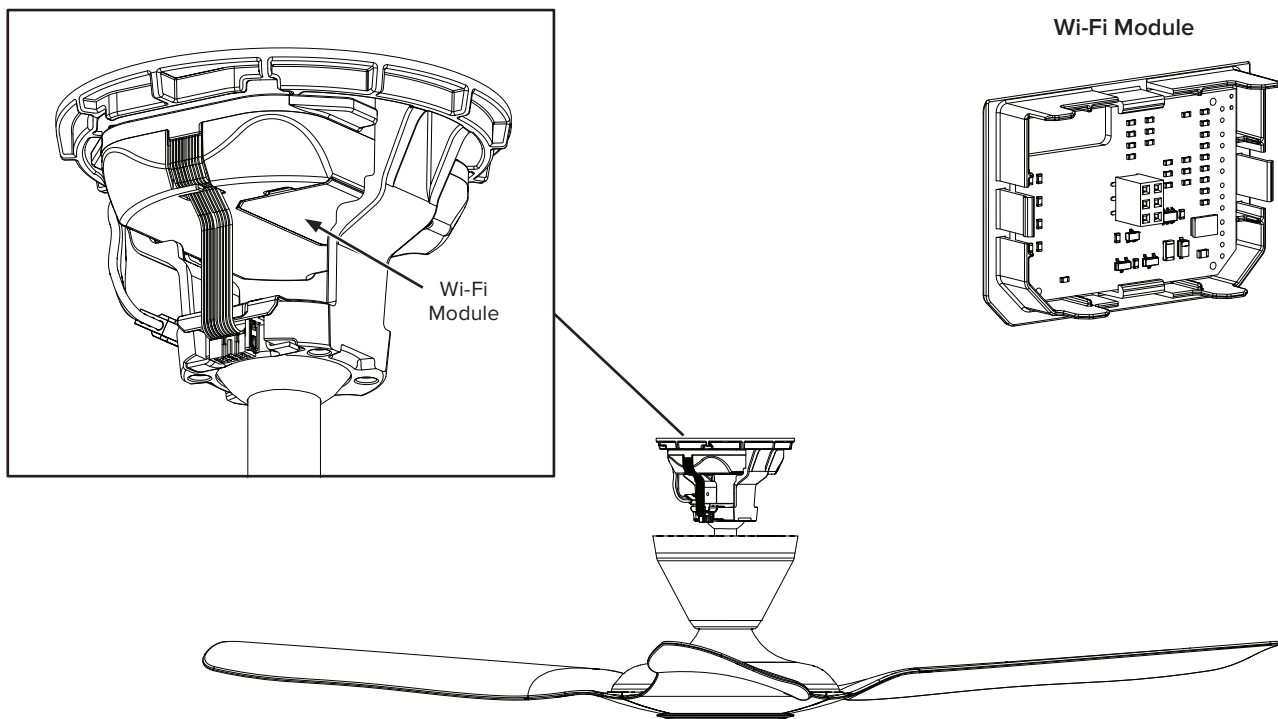

The module can be purchased as an add-on accessory, and is easily installed in the fan's control box.

FEATURES

- **Voice Control** — Use simple voice commands to control your fan with Amazon Alexa-enabled devices.
- **Haiku App** — Use the Haiku App to control fan speed, light brightness, and Whoosh Mode from your mobile device. You can also schedule your fan to turn on only when you know you'll need it.
- **Over-the-Air Updates** — Conveniently update your fan's software from your mobile device.
