ENERGY STAR® certification is awarded to products designed to reduce energy consumption and utility costs.

To qualify, packaged systems must have a Seasonal Energy Efficiency Ratio (SEER) rating of 15.0 or higher and an Energy Efficiency Ratio (EER) of 12.0 or higher. Packaged heat pumps must also have a Heating Seasonal Performance Factor (HSPF) of 8.2 or higher.

Split system air conditioners and heat pumps must have a 15.0 SEER rating or higher and an EER of 12.5 or higher. Split system heat pumps must also have an HSPF of 8.5 or higher.

Gibson split system air conditioners and heat pumps offer a 10-Year limited warranty that covers all parts when registered as part of a complete Gibson system. Air handlers and coils carry a 5-Year all parts limited warranty and when installed with a matched outdoor unit, will carry the outdoor system warranty. All Gibson gas furnaces and packaged systems offer a 10-Year limited warranty that covers all parts when registered. Additionally, Gibson gas furnaces and gas/electric packaged systems are available with a limited lifetime warranty on the heat exchanger. Gibson gas furnaces and gas/electric packaged systems offer a 1-Year Quality Pledge, registration required. To learn more about our product warranties, ask your Gibson contractor.
